# Wooden Pallets

Whatever you move, ship, store or stock, wooden pallets are the base of an economical and efficient operation. However, they must be manufactured properly. And must be available when you require them at a reasonable cost too. Al-Moajil Pallets Plant is designed, constructed, equipped and put into production with all the above requirements in mind. With the use of modern Production machinery and methods, we produce hundreds and thousands good quality wooden pallets to fulfill your requirements. In addition to new precision-nailing, multiple lumber trimming, automatic chamfering and notching equipment, we use only quality-grade soft-wood, medium hardwood and plywood, fastened by the best machine-quality screw nails. With our worldwide contacts, we have established sources of wood to make sure you have proper quantity and type of pallets when you need them.

# Feed & Barley

Barely division is well known within the livestock growers' market. The Group had been developing the sector technically along with international innovations. The Group is proud to be one of the first firms in the Kingdom to launch Flaked Grain as Feed stock. In early 2001 , Dammam Feed plant started producing Flaked barely and Flaked corn with a capacity of 14,000 bags / day. There was a high demand for the product , therefore another Feed plant in Riyadh was commissioned in 2007 with a similar capacity. To meet the market demands ; other products were introduced such as Mahrous and Bran Pellets Mix. The processed barley is available as 50 Kg sacks and smaller packets from our sales outlets and factories
